

Investor day

At our investor day on [Tuesday 5th December 2023](#) we were pleased to update on the rapid growth of the IWG business, as companies of all sizes continue to commit to hybrid working for the long term.

We reported that we are continuing to deliver on our strategy of capital-light growth, with more than 600 locations added in the first three quarters of 2023, reinforced by a strong balance sheet. The senior leadership team were also delighted to announce the intention to resume the dividend and set medium-term ambitions for \$1 bn EBITDA.
